Dear Sir/Madam,

I cannot remember the last time I actually used the Martindale, but it would probably be 2 to 3 years ago. At \$1000 a copy, it is probably the least useful piece of equipment we have in the pharmacy. On the other hand I use e-Mims constantly during the day. May I suggest we put the Martindale in a display cabinet somewhere with other pharmacy memorabilia. There are plenty of other sources of the same information available in an electronic format.

Yours Sincerely,
Albert Regoli
