Obligations of registered health practitioners

The National Law pt 7 div 11 sub-div 3 establishes the legislative obligations of registered health practitioners. A contravention of these obligations, as detailed at points 1, 2, 4, 5, 6 or 8 below does not constitute an offence but may constitute behaviour for which health, conduct or performance action may be taken by the Board. Registered health practitioners are also obligated to meet the requirements of their Board as established in registration standards, codes and guidelines.

Continuing professional development

1. A registered health practitioner must undertake the continuing professional development required by an approved registration standard for the health profession in which the practitioner is registered.

Professional indemnity insurance arrangements

2. A registered health practitioner must not practise the health profession in which the practitioner is registered unless appropriate professional indemnity insurance arrangements are in force in relation to the practitioner's practice of the profession.

3. A National Board may, at any time by written notice, require a registered health practitioner registered by the Board to give the Board evidence of the appropriate professional indemnity insurance arrangements that are in force in relation to the practitioner's practice of the profession.

4. A registered health practitioner must not, without reasonable excuse, fail to comply with a written notice given to the practitioner under point 3 above.

Notice of certain events

5. A registered health practitioner must, within 7 days after becoming aware that a relevant event has occurred in relation to the practitioner, give the National Board that registered the practitioner written notice of the event. Relevant event means—

a) the practitioner is charged, whether in a participating jurisdiction or elsewhere, with an offence punishable by 12 months imprisonment or more; or

b) the practitioner is convicted of or the subject of a finding of guilt for an offence, whether in a participating jurisdiction or elsewhere, punishable by imprisonment; or

c) appropriate professional indemnity insurance arrangements are no longer in place in relation to the practitioner's practice of the profession; or

d) the practitioner's right to practise at a hospital or another facility at which health services are provided is withdrawn or restricted because of the practitioner's conduct, professional performance or health; or

e) the practitioner's billing privileges are withdrawn or restricted under the Human Services (Medicare) Act 1973 (Cth) because of the practitioner's conduct, professional performance or health; or

f) the practitioner's authority under a law of a State or Territory to administer, obtain, possess, prescribe, sell, supply or use a scheduled medicine or class of scheduled medicines is cancelled or restricted; or

g) a complaint is made about the practitioner to the following entities—

(i) the chief executive officer under the Human Services (Medicare) Act 1973 (Cth); or

(ii) an entity performing functions under the Health Insurance Act 1973 (Cth); or

(iii) the Secretary within the meaning of the National Health Act 1953 (Cth); or

(iv) the Secretary to the Department in which the Migration Act 1958 (Cth) is administered; or

(v) another Commonwealth, State or Territory entity having functions relating to professional services provided by health practitioners or the regulation of health practitioners; or

h) the practitioner's registration under the law of another country that provides for the registration of health practitioners is suspended or cancelled or made subject to a condition or another restriction.

Change in principal place of practice, address or name

6. A registered health practitioner must, within 30 days of any of the following changes happening, give the National Board that registered the practitioner written notice of the change and any evidence providing proof of the change required by the Board—

a) a change in the practitioner's principal place of practice; or

b) a change in the address provided by the registered health practitioner as the address the Board should use in corresponding with the practitioner; or

c) a change in the practitioner's name.

Employer's details

7. A National Board may, at any time by written notice given to a health practitioner registered by the Board, ask the practitioner to give the Board the following information—

a) information about whether the practitioner is employed by another entity; or

b) if the practitioner is employed by another entity—

(i) the name of the practitioner's employer; and

(ii) the address and other contact details of the practitioner's employer.

8. The registered health practitioner must not, without reasonable excuse, fail to comply with the notice.

SECTION L: Preceptor details

This section must be completed by the preceptor.

Eligibility criteria for preceptors
A pharmacist may be approved as a preceptor if he or she will have been registered and have practised for at least 12 months prior to the commencement of the period of supervised practice covered by this application. To be eligible to proceed with this application as the nominated preceptor, you must answer YES to question 39 or outline your reasons in writing to the Board on why the criteria should not be applied in this case.

Preceptors should be aware of their ongoing continuing professional development obligations under the Board’s Registration standard: Continuing professional development. For more information, see Continuing professional development in the Information and definitions section of this form.

For further information, refer to the Registration standard: Supervised practice arrangements which can be found at www.pharmacyboard.gov.au/Registration-Standards.

Supervision of interns
An approved preceptor is required to supervise the training of a provisionally registered intern or other person undertaking supervised practice, or delegate day-to-day supervision to a suitably qualified pharmacist at the approved site. A preceptor should be present at the training premises on a regular basis. Pharmacists who do not regularly practise at the training site are advised not to apply for approval as a preceptor as this role is considered best undertaken by pharmacists who can meet the on-site training requirements of supervised practice and preceptor requirements.

Supervised practice across multiple training sites
If supervised practice is undertaken concurrently across multiple training sites (as specified in Section J: Premises details), the approved preceptor is responsible for coordinating training across these sites.

CONTINUING PROFESSIONAL DEVELOPMENT

A registered pharmacist must undertake the continuing professional development (CPD) required by the Board’s Registration standard: Continuing professional development. Failure to do so may constitute behaviour for which health, conduct or performance action may be taken.

Registered pharmacists are required to complete 40 CPD credits for the 12 month period ending 30 September.

For more information, view the full registration standard online at www.pharmacyboard.gov.au/Registration-Standards

- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made. The Board will decide whether your criminal history is relevant to the practice of your profession. You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. But if you have not given us certified proof of identity documents since October 2019, you will need to do this first.

ENGLISH LANGUAGE SKILLS

IMPAIRMENT

The National Law defines impairment as ‘a physical or mental impairment, disability, condition or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect your capacity to practise the profession’.

An illness or health condition that is safely managed is not the same as impairment, as these do not have a detrimental impact on your capacity to practise. Examples you do not need to tell us about include:

- wearing prescription glasses to correct your vision or hearing aids to correct your hearing, or
- seeing a psychologist for anxiety and following a treatment plan.

The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

PRACTICE

Practice means any role, whether remunerated or not, in which you use your skills and knowledge as a health practitioner in your profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of services in the profession and/or use their professional skills.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You cannot practise as pharmacist in Australia unless you are covered by your own, or third-party professional indemnity insurance (PII) arrangements that meet the requirements of the Board’s registration standard.

Remember, practising means using your skills and knowledge as a health practitioner in any paid or unpaid role in your profession.

Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of your practice. You may be covered by your Australian employer’s PII - you will need to confirm this with your employer.

A policy must include an approved level of cover of not less than $20 million for any single claim (i.e. for each claim), or for all claims in the aggregate, that may be made against the pharmacist. When you decide to cease practice, you must take out appropriate run-off cover for matters that would otherwise be uncovered arising from previous practice as a registered pharmacist.

For more information, view the full registration standard online at www.pharmacyboard.gov.au/Registration-Standards
