

Dear Steve

Thank you for the opportunity to peruse and respond to the PBA Guideline: Consultation draft titled "Responsibilities of pharmacists when practicing as proprietors"

The PDL Board would like to submit the following for your consideration:

PDL strongly supports the need for the personal presence of a proprietor pharmacist at the pharmacy on a regular basis (a defined period may be appropriate). The public deserves it. It is a privilege to be a pharmacist and more especially a proprietor pharmacist. With privilege goes responsibility. The Loewy case demonstrated this public interest need.

Kind regards
Marie
