Thank you for the opportunity to provide comment on the discussion paper - Public and stakeholder feedback on pharmacist prescribing.

ASCEPT is the leading professional body in Australasia for clinical pharmacology policy and practice and its members' expertise encompasses experimental and clinical pharmacology and toxicology (including: clinical trial and regulatory issues, pharmacovigilance and quality use of medicines).

A group of ASCEPT members contributed to the feedback in particular members of the ASCEPT Clinical Pharmacology Special Interest Group. Please find our feedback attached to the email and if you require any further information contact the ASCEPT Executive Officer, Katie Roberson at [REDACTED]

Kind regards

Professor Carl Kirkpatrick
